Career Development Awards

Scholarship Application

The Career Development Awards Program grants scholarships to high school seniors and high school graduates. This program helps students begin their higher education as they enroll in accredited two-year training programs in the technical and vocational professions of their choice. These awards are based on the candidates' financial need, academic achievement and work experience. CDA will provide the opportunity to renew the scholarship for a second academic year based on the academic performance and financial need of the student.

CDA is supported by contributions of local organizations and businesses. One hundred percent of the funds donated to CDA are given to students in the form of scholarships. During the last three years, over 60 scholarships were awarded.

Scholarship awards on average are for \$1,000.

Application Deadline is March 16, 2012.
Applications must be post marked by March 16, 2012.
